GERS ST. THOMAS OFFICE TELEPHONE SYSTEM IS DOWN

St. Thomas, VI –

GERS would like to advise its members and the general public that the telephone PBX system at the St. Thomas office, is currently down.

Innovative technicians have been working feverishly to address the situation since last Thursday and placed an off-island order for a part which is the main component responsible for the PBX's operation. In the interim, a temporary solution is being worked on, with the hope that the system would be operational by the end of today, Monday.

Please note that if you have an inquiry or need to speak with a representative, you may call our St. Croix office at 718-5480.

We apologize for any inconvenience and thank you for your understanding.
